

September 2019

**STRIVE FOR
LESS THAN FIVE
DAYS ABSENT!**

MARIPOSA COMPUTER SCIENCE MAGNET SCHOOL

Great job not parking in front of the school! Thanks parents! Also, when dropping off your child, please *pull over to the curb and have them exit the car towards the sidewalk*. You may then guide them across the street if needed. This is safer than opening car doors and releasing them into traffic. Let's keep these students safe!

We know you want to see where your students are learning! Come to our NEW Back-to-School Night Thurs Sept 12 from 4:30pm-5:30pm. Please go directly to their classrooms when you arrive!

Our students are showing that they know how to **RULE** the school! Students have earned a high number of Super Tickets, awarded to entire classes, for demonstrating expected behaviors in the hallway.

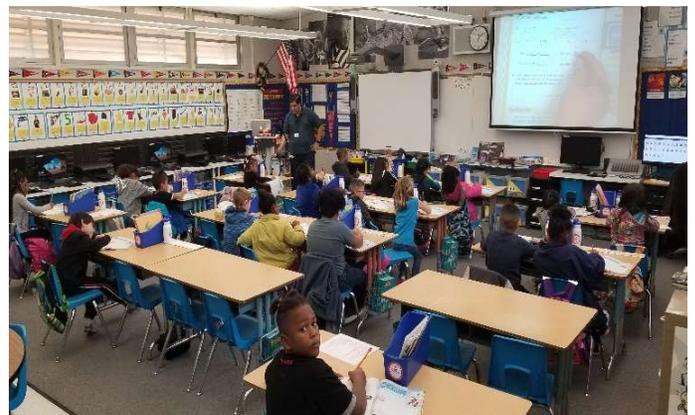

This month we'd like to focus on expected behaviors in the classroom. Every class has a poster of classroom expectations that are appropriate for that particular grade level. Teachers acknowledge and reward students meeting those expectations. Be on the lookout for these posters when you come to back to school night!

FALL IS HERE!

The School Site Council is an advisory group made up of parents and school staff to help make decisions at MCMS. It meets once a month for an hour. It's a great way to get involved. If you are interested to get your name on the ballot, fill out the ballot form sent home with your student and drop off in the office *by Sept 11*. We will notify you of the results.

Parenting Partner workshops will be coming soon. These are six weekly sessions where you will be learning tools to support your role as the parent leaders in your homes. Spaces are limited. Keep an eye out for more information.

Take-Home Chromebooks Coming Soon!

Target Dates 9/16-9/20 & 9/23-9/27. We will keep you posted via 1-Call, Peachjar, Website, Facebook, & Instagram about distribution, insurance, and use!
