Our Mission
To provide relevant, high quality education within an inclusive and culturally respectful environment, preparing all students for personal and professional success

Academics
Every Student will demonstrate continuous growth toward mastery of Common CA Standards

Safe and Supportive Environments
We will provide safe, secure, equitable and operationally efficient environments at all facilities for students, staff, and community members

Equitable Learning Practices and Positive Learning Environments
We will provide necessary resources and support to create and maintain positive learning environments to eliminate barriers to success for all students

Universal Transitional Kindergarten
We will provide an inclusive, developmentally appropriate, play-based universal transitional kindergarten experience as part of a larger pre-kindergarten (P-3) alignment framework

Family and Community Engagement
We will build positive partnerships with families and the community by increasing participation and active involvement on campuses and at site and district events

Our Vision
To create options and excellence in education, empowering all students to reach their full potential
Equitable Learning Practices and Positive Learning Environments
We will provide necessary resources and support to create and maintain positive learning environments to eliminate barriers to success for all students.
