2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Amargosa Creek provides a warm, nurturing and academic learning environment for students in grades 6-8. As students progress through their three years here, they are able to experience in 6th grade a few electives and transitions between classes to a departmentalized 7th/8th grade setting. The staff is committed to the success of each child and, through a variety of structured programs and interventions, no child is left behind. In addition to meeting students' academic needs, ACMS has created a culture promoting connectedness among students and between students and staff. Students enjoy coming to school as is evidenced by our high student attendance rate.

Our school-wide theme is College and Career Readiness! Along with a strong focus on Advancement Via Individual Determination (AVID), where every student will: Decide, Commit and Succeed. We also have five Code HS classes that emphasize the practical application of Science, Technology, Engineering and Math in the classroom. AVID and Code HS represent just 2 out of 25 different elective choices for our students to enjoy and pursue their unique talents and strengths. We also have a thriving fine arts program. Our award winning band program continues to service over 180 students who have the opportunity to become accomplished musicians over the course of three years, starting in 6th grade. We also offer a zero period, so all students may have the option of an elective. We will continue to refine our options in order to further enhance the academic and extracurricular programs at ACMS so that all students are proud to call themselves Cougars and believe in their unique ability to attend college and pursue the career of their dreams. We also offer tier intervention classes for students who need extra support in a small setting. Through student quarterly goal setting students use a rubric to determine their needs and set goals.

Our mission - Amargosa Creek's mission is to inspire all students to think critically, to communicate effectively, to collaborate meaningfully, and to be creative within a safe and comprehensive campus, where all students will become college and career ready.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks were selected from the most recent list of standards-based materials adopted by the California State Board of Education and are consistent with the content and cycles of the curriculum frameworks adopted by the SBE. Textbooks are chosen after careful review and piloting by teachers and then are approved by the Board of Trustees. There are textbooks/instructional materials for each student in each subject. All adopted textbooks and/or replacement textbooks are in fair to new condition

School Facility Conditions and Planned Improvements

General

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the Los Angeles County Office of Education. The results of this survey are available at the school office or at the district office.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

Although the State no longer requires a Deferred Maintenance contribution, Lancaster School District is still dedicated to maintaining the facilities for our students. These expenditures would include but not be limited to roofing, plumbing, heating, air conditioning, electrical, painting, and flooring. For the 2020-21 school year, the district has budgeted \$2,860,000. for deferred maintenance projects.

New Construction Projects: Security Doors were installed in the entry lobby to the school assuring that all visitors to the school are properly checked in before entering the site.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	36	N/A	24	N/A	47
Mathematics (grades 3-8 and 11)	N/A	12	N/A	12	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

We seek to build positive partnerships with families and the community. The following opportunities for involvement exist at Amargosa Creek Middle School:

- * Parent Teacher Organization
- * Open House
- * Parent Project
- * GATE & AVID family nights
- * School Site Council
- * English Learner Advisory Committee
- * African American Action Council
- * PBIS Committee
- * Quarterly Parent Conferences
- * Welcome BBQ and Quarterly Parent Nights
- * Coffee and Doughnuts with the Counselors
- * Counselor Parent Academies
- * Volunteering
- * Parent Cohort with Family Ambassadors
- * Drama Productions
- * Band Concerts
- * Art shows
- * Student Media Nights

There are numerous other ways to get involved in your child's education. Contact the principal, Mrs. Pulos, at 661-729-6064 for further information.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	7.63	4.89	2.45
Expulsions	0.00	0.05	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Professional Development

The Lancaster School District provides professional development throughout the school year that trains and supports staff in the effective implementation of our adopted core and cornerstone programs including, but not limited to: Teacher Clarity, PLC+, Standards-Based Grading and Reporting, Structured Literacy, Data Analysis, Leadership Training, Writing Instruction, Coaching, Direct Instruction, Conceptual Development, Building Academic Vocabulary, Culturally Responsive Teaching and Learning (including Capturing Kids Hearts), Integrating Technology into the Classroom, PBIS, Intervention, and Differentiation in Strategies for teaching EL, GATE, and at-risk students. High-quality, ongoing professional development opportunities are recognized as an important component in our work towards continuous improvement in student learning.

Ongoing opportunities include in-services during and after the work day as well as through site and district in-class and on-site coaching. All teachers are provided multiple opportunities to receive optional paid professional development. The school year calendar allows for 38 minimum days in which 27 days are utilized to provide 1-2 hours of district and site designed professional development specific to their needs. Outside workshops, conferences and other in-services that provide more in-depth training and further prepare our staff members to become trainers for our district are available as approved by the Board of Trustees.

Professional development supporting our instructional programs and services for students is also provided for our classified staff members. Additionally, workshops designed to improve technology skills, provide training with key software programs utilized in the district, and offer information on personal excellence and social responsibility are included in the professional development course offerings for classified staff throughout the school year.

This table displays the number of school days dedicated to staff development and continuous improvement.
