### **School Description**

LAVA is made up of three small learning communities: TK-2 Home Education, 3-8 Virtual Academy, and TK-8 Home Hospital Program. Our mission is to provide educational pathways for all students, all of the time. Our vision is to build self-driven learners, and help students learn how to advocate for their learning needs.

The Home Education, Lancaster Alternative Virtual Academy (LAVA) and Home Hospital staff work closely with students and their families to find options and excellence in education. Our team of educators work together to serve those who will benefit from an alternative school setting.

The TK-2nd Home Education Program gives families the support and curriculum they need to deliver instruction in the method that best meets the needs of their child. The teacher reviews the content with the parents/guardians to help them understand the concept and best way to deliver the information. The areas of study are English, Math, Social Sciences, Science, Physical Education, Health, and VAPA. The teacher grades the work and assesses students using "I Can," statements to ensure the state standards are being met. We also offer workshops for students on campus in ELA, Math, and Music at least once per week.

LAVA is a 3rd-8th blended learning, blended teaching program. We strive to meet the unique educational needs of each student to attain their full potential through an innovative, project-based, technology-rich environment. LAVA offers students a flexible learning environment supported by credentialed teachers who provide face-to-face small group instruction and online feedback and support. The majority of the work is done independently using an online teaching/learning platform. The teachers provide hands-on learning sessions four days a week. A music teacher provides sessions on the fifth day related to music literacy. These workshop are an opportunity for students to socialize, work collaboratively, and experience hands-on learning.

Our TK-8 Home and Hospital Program provides instruction to students with a temporary disability in the students' home or in a hospital. The primary outcome of Home and Hospital Instruction is to maintain a student and the student's former level of performance while recovering from the temporary disability so as not to jeopardize the student's future performance upon returning to school.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

All textbooks were selected from the most recent list of standards-based materials adopted by the California State Board of Education and are consistent with the content and cycles of the curriculum frameworks adopted by the SBE. Textbooks are chosen after careful review and piloting by teachers and then are approved by the Board of Trustees. There are textbooks/instructional materials for each student in each subject. All adopted textbooks are in fair to new condition.

### School Facility Conditions and Planned Improvements (Most Recent Year)

**General**  
The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the Los Angeles County Office of Education. The results of this survey are available at the school office or at the district office.

**School Buildings**  
LAVA is adjacent to the Sunnydale Elementary School campus. Six portable buildings house the front/principal's office and 4 classrooms as well as a combined student/staff lounge with restrooms.

**Maintenance and Repair**  
District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

**Cleaning Process and Schedule**  
The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The Supervisor of Operations works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

**Deferred Maintenance Budget**  
Although the State no longer requires a Deferred Maintenance contribution, Lancaster School District is still dedicated to maintaining the facilities for our students. These expenditures would include but not be limited to roofing, plumbing, heating, air conditioning, electrical, painting, and flooring. For the 2019-20 school year, the district has budgeted \$940,000 for deferred maintenance projects.

**Deferred Maintenance Project**  
A flag pole was installed in 2019. A marquee and landscaping will be added to the campus.

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

**CAASPP Test Results in ELA and Mathematics for All Students  
 Grades Three through Eight and Grade Eleven**

**Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	17	18	32	31	50	50
Math	0	3	17	18	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Test Results in Science for All Students  
 Grades Five, Eight, and Ten**

**Percentage of Students Meeting or Exceeding the State Standard**

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

**State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

**2018-19 Percent of Students Meeting Fitness Standards**

Grade Level	4 of 6	5 of 6	6 of 6
7	30.0	10.0	5.0

Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.
