23-24 Fiscal Stabilization Plan

- *Effective budget management is our District's utmost priority. The District allocates resources to support the programs and services that most benefit students' growth, instruction, and safety. At the same time, we are observing fiscal solvency and building budgetary sustainability. The Superintendent and Assistant Superintendent will provide leadership and regular communication regarding the state of the current district budget to the Board of Trustees and community educational partners as we work on budget projections for the next three years.
- * The District is committed to implementing expenditure reductions and revenue enhancement to eliminate the Lancaster School District's instructional budget deficit and maintain financial solvency in FY 2023-24 and two subsequent years.
- * Optional Program Expenditure Reductions During the 2023-24 school year, the Lancaster School District fiscal staff will gather and analyze student achievement data on all existing programs. In addition, a review of all programs, contract obligations, and cost comparison of other available programs will also occur before filing the First Interim Budget Report to LACOE.
- * Staffing analysis Review management's position control and staffing levels for classified and certificated positions, including teacher ratios, to implement cost reductions and efficiencies districtwide.
- *Administration is constantly evaluating which programs, supports, and services, previously added as a response to the pandemic, most benefit the students, and thus determine which ones should be part of the District's ongoing plan; this will be solidified in the fall of the 2023-24 school year.

The District revenues are budgeted with a 1% COLA as advised by LACOE and SSC for 2024-25 and 2025-26 fiscal years. Expenditures are closely monitored for the current fiscal year and are budgeted for the two subsequent years, taking into consideration the sun-setting of one time Federal and State funds.

The Lancaster School District has been awarded several grants such as the Community Grant (\$6 million annually ongoing for the next five years) and ELSB Grant (\$2 million onetime). The District was also awarded the Equity Multiplayer state funding in the amount of \$9.1 million and the Arts and Music in School (\$2.4 million) Administration is constantly searching for new grant opportunities.

**As part of this Fiscal Stabilization Plan, Executive Cabinet is also identifying opportunities for repurposing staff. The Superintendent is closely monitoring all Personnel Requests, ensuring efficiency.

The District's Enrollment has increased from prior years. We are offering all programs available to serve our students and closely monitoring our ADA to enrollment ratios.

|------------------|----------------|----------------|----------------|

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

 Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000)

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

| Part IV - Carry-forward Adjustment | |

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

Printed: 11/20/2023 4:27 PM

| the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the | |
|--|----------------|
| approved rate was based. | |
| Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for | |
| use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, | |
| or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than | |
| the approved rate. Rates used to recover costs from programs are displayed in Exhibit A. | |

| D. Preliminary carry-forward adjustment (Line C1 or C2) | (1,143,742.76) |
| E. Optional allocation of negative carry-forward adjustment over more than one year | |
| Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which | |
| the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that | |
| the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more | |
| than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate. | |
| Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward | |
| adjustment is applied to the current year calculation: | 4.94% |
| Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward | |
| adjustment (\$-571871.38) is applied to the current year calculation and the remainder | |
| (\$-571871.38) is deferred to one or more future years: | 5.17% |
| Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward | |
| adjustment (\$-381247.59) is applied to the current year calculation and the remainder | |

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
