Following is a summary of the critical data elements contained in your unaudited actual data. Since these data may have fiscal implications for your agency, please verify their accuracy before filing your unaudited actual financial reports.

| Form  | Description                                                                                              | Value            |
|-------|----------------------------------------------------------------------------------------------------------|------------------|
| CEA   | Percent of Current Cost of Education Expended for Classroom Compensation                                 | 60.94%           |
|       | Must equal or exceed 60% for elementary, 55% for unified, and 50% for high school                        |                  |
|       | districts or future apportionments may be affected. (EC 41372)                                           |                  |
|       | CEA Deficiency Amount                                                                                    | \$0.00           |
|       | Applicable to districts not exempt from the requirement and not meeting the minimum classroom            |                  |
|       | compensation percentage - see Form CEA for further details.                                              |                  |
| ESMOE | Every Student Succeeds Act (ESSA) Maintenance of Effort (MOE) Determination                              | MOE Met          |
|       | If MOE Not Met, the 2025-26 apportionment may be reduced by the lesser of the following two percentages: |                  |
|       | MOE Deficiency Percentage - Based on Total Expenditures                                                  | 0.00%            |
|       | MOE Deficiency Percentage - Based on Expenditures Per ADA                                                | 0.00%            |
| GANN  | Adjustments to Appropriations Limit Per Government Code Section 7902.1                                   | \$0.00           |
|       | Adjusted Appropriations Limit                                                                            | \$118,508,975.08 |
|       | Appropriations Subject to Limit                                                                          | \$118,508,975.08 |
|       | These amounts represent the board approved Appropriations Limit and Appropriations Subject to            |                  |
|       | Limit pursuant to Government Code Section 7906 and EC 42132.                                             |                  |
| ICR   | Preliminary Proposed Indirect Cost Rate                                                                  | 6.93%            |
|       | Fixed-with-carry-forward indirect cost rate for use in 2025-26 subject to CDE approval.                  |                  |

#### Unaudited Actuals 2023-24 Unaudited Actuals Indirect Cost Rate Worksheet

19 64667 0000000 Form ICR E8AHZPUG1U(2023-24)

#### Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

#### A. Salaries and Benefits - Other General Administration and Centralized Data Processing

 Salaries and benefits paid through pay roll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000)

9,973,678.79

- 2. Contracted general administrative positions not paid through payroll
  - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800.

0.00

b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

| N/A |  |  |
|-----|--|--|
|     |  |  |
|     |  |  |

#### B. Salaries and Benefits - All Other Activities

Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
 (Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000)

200.982.743.67

#### C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6)

4.96%

#### Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

#### A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

#### B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

0.00

#### Part III - Indirect Cost Rate Calculation (Funds 01, 09, and 62, unless indicated otherwise)

#### A. Indirect Costs

 Other General Administration, less portion charged to restricted resources or specific goals (Functions 7200-7600, objects 1000-5999, minus Line B9)

12,046,578.67

 Centralized Data Processing, less portion charged to restricted resources or specific goals (Function 7700, objects 1000-5999, minus Line B10)

3,162,313.02

| the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the           |                |
|--------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| approv ed rate was based.                                                                                                                        |                |
| Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for |                |
| use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs,      |                |
| or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than        |                |
| the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.                                                         |                |
| A. Indirect costs incurred in the current year (Part III, Line A8)                                                                               | 16,596,296.34  |
| B. Carry-forward adjustment from prior year(s)                                                                                                   |                |
| Carry-forward adjustment from the second prior year                                                                                              | (1,303,790.06) |
| 2. Carry-forward adjustment amount deferred from prior year(s), if any                                                                           | 0.00           |
| C. Carry-forward adjustment for under- or over-recovery in the current year                                                                      |                |
| 1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect                                   |                |
| cost rate (5.33%) times Part III, Line B19); zero if negative                                                                                    | 1,429,039.49   |
| 2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of                                         |                |
| (approved indirect cost rate (5.33%) times Part III, Line B19) or (the highest rate used to                                                      |                |
| recover costs from any program (5.33%) times Part III, Line B19); zero if positive                                                               | 0.00           |
| D. Preliminary carry-forward adjustment (Line C1 or C2)                                                                                          | 1,429,039.49   |
| E. Optional allocation of negative carry-forward adjustment over more than one year                                                              |                |
| Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which                 |                |
| the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that             |                |
| the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more             |                |
| than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.            |                |
| Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward                                                 |                |
| adjustment is applied to the current year calculation:                                                                                           | not applicable |
| Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward                                            |                |
| adjustment is applied to the current year calculation and the remainder                                                                          | ļ              |
| is deferred to one or more future years:                                                                                                         | not applicable |
| Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward                                           |                |
| adjustment is applied to the current year calculation and the remainder                                                                          |                |
| is deferred to one or more future years:                                                                                                         | not applicable |
| LEA request for Option 1, Option 2, or Option 3                                                                                                  |                |
|                                                                                                                                                  | 1              |
| F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if                                                           |                |
| Option 2 or Option 3 is selected)                                                                                                                | 1,429,039.49   |
|                                                                                                                                                  |                |

### Entry Expenditures Relating to Prior Periods

To eliminate expenditures in governmental funds relating to a prior period that were not recognized in the prior period because they did not involve the use of current financial resources. Typical examples are interest on long term debt that matured and was paid in the current period, payments on structured legal settlements or revenue repayment plans, and retirement incentives paid over time.

#### Entry CE022

Other Liabilities Not Normally Liquidated with Current Financial Resources

To accrue expenses and liabilities for obligations incurred during the year that will not be liquidated with current financial resources, other than compensated absences, long-term debt, OPEB, and pensions. Examples include special termination benefits such as retirement incentives financed over time, and structured legal settlements.

| CE010   | Expenditures Relating to Prior Periods                                                                                                                                                                                                                                                                                                                                                                       |        |           |       |        |
|         | To eliminate expenditures in governmental funds relating to a prior period that were not recognized in the prior period because they did not involve the use of current financial resources. Typical examples are interest on long term debt that matured and was paid in the current period, payments on structured legal settlements or revenue repayment plans, and retirement incentives paid over time. |        |           |       |        |

### **Unaudited Actuals** 2023-24 Unaudited Actuals Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances to the Statement of Activities

19 64667 0000000 Report GSA E8AHZPUG1U(2023-24)

Total change in fund balances, governmental funds: (2,232,473)

Amounts reported for governmental activities in the statement of activities are different from amounts reported in governmental funds because:

Capital outlay: In governmental funds, the costs of capital assets, lease assets and subscription assets are reported as expenditures in the period when the assets are acquired. In the statement of activities, costs of capital assets, lease assets and subscription assets are allocated over their estimated useful lives and their lease terms as depreciation expense and amortization expense respectively. The difference between capital outlay expenditures and depreciation expense and amortization expense for the period is:

| Expenditures for capital outlay: 25,527,111                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |            |

| inc.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |            |
| Donated capital assets: In governmental funds, donated capital assets are not reported because they do not affect current financial resources. In the government-wide statements, donated capital assets are reported as revenue and as increasesto capital assets, at their fair market value on the date of donation. The fair market value of capital assets donated was:                                                                                                                                                                                                         | -          |
| Gain or loss from disposal of capital assets: In governmental funds, the entire proceeds from disposal of capital assets are reported as revenue. In the statement of activities, only the resulting gain or loss is reported. The difference between the proceeds from disposal of capital assets and the resulting gain or loss is:                                                                                                                                                                                                                                                | -          |
| Earned but unavailable revenues: In governmental funds, revenues are recognized only to the extent that they are "available," meaning they will be collected soon enough after the end of the period to finance expenditures of that period. In the government-wide statements, revenue is recognized when earned, regardless of availability. The amount of earned but unavailable revenues relating to the current period, less revenues that became available in the current period but related to a prior period, is:                                                            | -          |
| Unmatured interest on long-term debt: In governmental funds, interest on long-term debt is recognized in the period that it becomes due. In the government-wide statement of activities, it is recognized in the period that it is incurred. Unmatured interest owing at the end of the period, less matured interest paid during the period but owing from the prior period, was:                                                                                                                                                                                                   | -          |
| Compensated absences: In governmental funds, compensated absences are measured by the amounts paid during the period. In the statement of activities, compensated absences are measured by the amounts earned. The difference between compensated absences paid and compensated absences earned was:                                                                                                                                                                                                                                                                                 | -          |
| Other expenditures relating to prior periods: Certain expenditures recognized in gov ernmental funds relate to prior periods. Typical examples, in addition to compensated absences and interest on long-term debt, are payments on structured legal settlements or retirement incentives paid over time. These expenditures are recognized in the gov ernment-wide statement of activities in the period in which the obligations are first incurred, so they must not be recognized again in the current period. Expenditures relating to prior periods (described below) were:    | -          |
| Pensions: In government funds, pension costs are recognized when employer contributions are made. in the statement of activities, pension costs are recognized on the accrual basis. This year, the difference between accrual-basis pension costs and actual employer contributions was:                                                                                                                                                                                                                                                                                            | 30,958,973 |
| Other postemployment benefits (OPEB): In governmental funds, OPEB expenses are recognized when employer OPEB contributions are made. In the statement of activities, OPEB expenses are recognized on the accrual basis. This year, the difference between OPEB expenses and actual employer OPEB contributions was:                                                                                                                                                                                                                                                                  | 1,619,411  |
| Other liabilities not normally liquidated with current financial resources: In the government-wide statements, expenses must be accrued in connection with any liabilities incurred during the period that are not expected to be liquidated with current financial resources, in addition to compensated absences and long-term debt. Examples include special termination benefits such as retirement incentives financed over time, and structured legal settlements. This year, expenses incurred for such obligations were:                                                     | -          |
| Cost write-off for canceled capital projects: If a planned capital project is canceled and will not be completed, costs previously capitalized as Work in Progress must be written off to expense. Costs written off for canceled projects were:                                                                                                                                                                                                                                                                                                                                     | -          |
| Amortization of debt issue premium or discount or deferred gain or loss from debt refunding: In governmental funds, if debt is issued at a premium or at a discount, the premium or discount is recognized as an Other Financing Source or an Other Financing Use in the period it is incurred. In the government-wide statements, the premium or discount, plus any deferred gain or loss from debt refunding, is amortized as interest over the life of the debt. Amortization of debt issue premium or discount, or deferred gain or loss from debt refunding, for the period is: | -          |
| Internal Service Funds: Internal service funds are used to conduct certain activities for which costs are charged to other funds on a full cost-recovery basis. Because internal service funds are presumed to benefit governmental activities, internal service activities are reported as governmental in the statement of activities. The net increase or decrease in internal service funds was:                                                                                                                                                                                 | -          |

Change in net position of governmental activities (minor differences may be due to rounding):

# Unaudited Actuals 2023-24 Unaudited Actuals Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position

19 64667 0000000 Report GSNP E8AHZPUG1U(2023-24)

Total fund balances, governmental funds:

204,723,996

Amounts reported for assets, deferred outflows of resources, liabilities, and deferred inflows of resources for governmental activities in the statement of net position are different from amounts reported in governmental funds because:

Capital assets, lease assets, and subscription assets: In governmental funds, only current assets are reported. In the statement of net position, all assets are reported, including capital assets and accumulated depreciation, lease assets and accumulated amortization, and subscription assets and accumulated amortization.

Capital assets relating to governmental activities, at historical cost:

Accumulated depreciation:

Lease assets relating to gov ernmental activities, at historical costs:

Accumulated amortization:

Subscription assets relating to gov ernmental activities, at historical costs:

Accumulated amortization:

Net:

Unamortized costs: In governmental funds, debt issue costs are recognized as expenditures in the period they are incurred. In the government-wide statements, debt issue costs for prepaid debt insurance are amortized over the life of the debt. Unamortized debt insurance costs included in prepaid expense on the statement of net position are:

Unmatured interest on long-term debt: In governmental funds, interest on long-term debt is not recognized until the period in which it matures and is paid. In the government-wide statement of activities, it is recognized in the period that it is incurred. The additional liability for unmatured interest owing at the end of the period was:

Deferred recognition of earned but unavailable revenues: In governmental funds, revenue is recognized only to the extent that it is "available," meaning it will be collected soon enough after the end of the period to finance expenditures of that period. Receivables for revenues that are earned but unavailable are deferred until the period in which the revenues become available. In the government-wide statements, revenue is recognized when earned, regardless of availability. The amount of unavailable revenues that were deferred in governmental funds, but are recognized in the government-wide statements, is:

Long-term liabilities: In governmental funds, only current liabilities are reported. In the statement of net position, all liabilities, including long-term liabilities, are reported. Long-term liabilities relating to governmental activities consist of:

Subscription Liability -

General obligation bonds payable -

State school building loans payable -

Net Pension Liability (Asset) -

Total/Net OPEB Liability -

Compensated absences payable -

Certificates of participation payable -

Lease payable Lease revenue bonds payable -

Other general long-term debt -

Deferred gain or loss on debt refunding

Total:

Deferred outflows and inflows of resources relating to pensions: In governmental funds, deferred outflows and inflows of resources relating to pensions are not reported because they are applicable to future periods. In the statement of net position, deferred outflows and inflows of resources relating to pensions are reported.

Deferred outflows of resources relating to 30,958,973 pensions

Deferred inflows of resources relating to

pensions

Internal service funds: Internal service funds are used to conduct certain activities for which costs are charged to other funds on a full cost-recovery basis. Because internal service funds are presumed to operate for the benefit of governmental activities, assets, deferred outflows of resources, liabilities, and deferred inflows of resources of internal service funds are reported with governmental activities in the statement of net position. Net position for internal service funds is:

Deferred outflows and inflows of resources related to other postemployment benefits (OPEB): In governmental funds, deferred outflows and inflows of resources related to OPEB are not reported because they are applicable to future periods. In the statement of net position, deferred outflows and inflows of resources related to OPEB are reported.

# Unaudited Actuals Special Education Maintenance of Effort 2023-24 Actual vs. Actual Comparison Year LEA Maintenance of Effort Calculation (LMC-A)

19 64667 0000000 Report SEMA E8AHZPUG1U(2023-24)

SELPA: Antelope Valley (DA)

This form is used to check maintenance of effort (MOE) for an LEA, whether the LEA is a member of a SELPA or is a single-LEA SELPA. If a member of a SELPA, submit this form together with the 2023-24 Expenditures by LEA (LE-CY) and the 2022-23 Expenditures by LEA (LE-PY) to the SELPA AU. If a single-LEA SELPA, submit the forms to the CDE.

Per the federal Subsequent Years Rule, in order to determine the required level of effort, the LEA must look back to the last fiscal year in which the LEA maintained effort using the same method by which it is currently establishing the compliance standard. To meet the requirement of the Subsequent Years Rule, the LMC-A worksheet has been revised to make changes to sections 3.A.1, 3.A.2, 3.B.1, and 3.B.2. The revised sections allow the LEA to compare the 2023-24 expenditures to the most recent fiscal year the LEA met MOE using that method, which is the comparison year. To ensure the LEA is comparing 2023-24 expenditures to the appropriate comparison year, the LEA is required to complete the Subsequent Years Tracking (SYT) worksheet with their LMC-A worksheet. The SYT worksheet tracks the result for each of the four methods back to FY 2011-12, which is the baseline year for LEA MOE calculations established by the Office of Special Education Programs. The SYT worksheet is available at: http://www.cde.ca.gov/sp/se/as/documents/subseqv/trckwrksht.xls.

There are four methods that the LEA can use to demonstrate the compliance standard. They are (1) combined state and local expenditures; (2) combined state and local expenditures on a per capita basis; (3) local expenditures only; and (4) local expenditures only on a per capita basis.

The LEA is only required to pass one of the tests to meet the MOE requirement. However, the LEA is required to show results for all four methods. These results are necessary both for historical purposes and for the possibility that the LEA may want, or need, to switch methods in future years.

#### SECTION 1 Exempt Reduction Under 34 CFR Section 300.204

If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to combined state and local MOE standard, local only MOE standard, or both. If the LEA meets one of the conditions below, the LEA must complete and include the IDEA MOE Exemption Worksheet available at: http://www.cde.ca.gov/sp/se/as/documents/leamoeexempwrksht.xls

- 1. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
- 2. A decrease in the enrollment of children with disabilities.
- 3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
- a. Has left the jurisdiction of the agency;
- b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
- c. No longer needs the program of special education.
- 4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
- 5. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

| Provide the condition number, if any, to be used in the calculation below: | State and Local | Local Only |
|----------------------------------------------------------------------------|-----------------|------------|
|                                                                            |                 |            |
|                                                                            |                 |            |
|                                                                            |                 |            |
|                                                                            |                 |            |
|                                                                            |                 |            |
| Total exempt reductions                                                    | 0.00            | 0.00       |

#### SECTION 2

Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205)

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

# Unaudited Actuals Special Education Maintenance of Effort 2023-24 Actual vs. Actual Comparison Year LEA Maintenance of Effort Calculation (LMC-A)

19 64667 0000000 Report SEMA E8AHZPUG1U(2023-24)

#### SELPA: Antelope Valley (DA)

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act (ESEA) of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446]. State and Local Local Only Current year funding (IDEA Section 611 Local Assistance Grant Award - Resource 3310) Less: Prior year's funding (IDEA Section 611 Local Assistance Grant Awards - Resource 3310) Increase in funding (if difference is positive) 0.00 Maximum available for MOE reduction (50% of increase in funding) 0.00 (a) Current year funding (IDEA Section 619 - Resource 3315) Maximum available for early intervening services (EIS) (15% of current year funding - Resources 3310 and 3315) 0.00 (b) If (b) is greater than (a). Enter portion to set aside for EIS (cannot exceed line (b), Maximum available for EIS) (c) Available for MOE reduction. (line (a) minus line (c), zero if negative) 0.00 (d) Enter portion used to reduce MOE requirement (cannot exceed line (d), Available for MOE reduction). If (b) is less than (a). Enter portion used to reduce MOE requirement (first column cannot exceed line (a), Maximum available for MOE reduction, second and third columns cannot exceed (e), Portion used to reduce MOE requirement). Available to set aside for EIS (line (b) minus line (e), zero if negative) 0.00 (f) Note: If your LEA exercises the authority under 34 CFR 300.205(a) to reduce the MOE requirement, the LEA must list the activities (which are authorized under the ESEA) paid with the freed up funds:

# Unaudited Actuals Special Education Maintenance of Effort 2024-25 Budget vs. Actual Comparison Year LEA Maintenance of Effort Calculation (LMC-B)

19 64667 0000000 Report SEMB E8AHZPUG1U(2023-24)

SELPA: Antelope Valley (DA)

This form is used to check maintenance of effort (MOE) for an LEA, whether the LEA is a member of a SELPA or is a single-LEA SELPA. If a member of a SELPA, submit this form together with the 2024-25 Budget by LEA (LB-B) and the 2023-24 Expenditures by LEA (LE-B) to the SELPA AU. If a single-LEA SELPA, submit the forms to the CDE.

Per the federal Subsequent Years Rule, in order to determine the required level of effort, the LEA must look back to the last fiscal year in which the LEA maintained effort using the same method by which it is currently establishing the eligibility standard. To meet the requirement of the Subsequent Years Rule, the LMC-B worksheet has been revised to make changes to sections 3.A.1, 3.A.2, 3.B.1, and 3.B.2. The revised sections allow the LEA to compare the 2024-25 budgeted expenditures to the most recent fiscal year the LEA met MOE using that method, which is the comparison year. To ensure the LEA is comparing 2024-25 budgeted expenditures to the appropriate comparison year, the LEA is required to complete the Subsequent Years Tracking (SYT) worksheet with their LMC-B worksheet. The SYT worksheet tracks the result for each of the four methods back to FY 2011-12, which is the baseline year for LEA MOE calculations established by the Office of Special Education Programs. The SYT worksheet is available at: http://www.cde.ca.gov/sp/se/as/documents/subseqy.trckwrksht.xls.

There are four methods that the LEA can use to demonstrate the eligibility standard. They are (1) combined state and local expenditures; (2) combined state and local expenditures on a per capita basis; (3) local expenditures only: and (4) local expenditures only on a per capita basis.

The LEA is only required to pass one of the tests to meet the MOE requirement. However, the LEA is required to show results for all four methods. These results are necessary both for historical purposes and for the possibility that the LEA may want, or need, to switch methods in future years.

#### SECTION 1

#### Exempt Reduction Under 34 CFR Section 300.204

If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to combined state and local MOE standard, local only MOE standard, or both. If the LEA meets one of the conditions below, the LEA must complete and include the IDEA MOE Exemption Worksheet available at: http://www.cde.ca.gov/sp/se/as/documents/leamoeexempwrksht.xls.

- 1. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
- 2. A decrease in the enrollment of children with disabilities.
- 3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
- a. Has left the jurisdiction of the agency;
- b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
- c. No longer needs the program of special education.
- 4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
- 5. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

#### SECTION 2

Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205)

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

| SELPA: | Antelope | Valley (DA) |
|--------|----------|-------------|
|        |          |             |

| Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act (ESEA) of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446]. |                         |         |                              |                    |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------|---------|------------------------------|--------------------|
| Current year funding (IDEA Section 611 Local Assistance Grant Award - Resource 3310)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                         |         | State and Local              | Local Only         |
| Less: Prior year's funding (IDEA Section 611 Local Assistance Grant Award - Resource 3310)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                         |         |                              |                    |
| Increase in funding (if difference is positive)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | 0.00                    |         |                              |                    |
