Opportunity for students to enjoy enrichment classes

- Summer of Exploration — Grades TK-5
- Summer of Innovation — Grades 6-8

EXCELLENCE

ACADEMIC INTERVENTION

- Students who need a little extra support to meet grade level standards are given intervention opportunities to accelerate their achievement.

ARTS INTEGRATION

- Teachers blend visual and performing arts with core academic learning to enhance the learning and engage students.

QUALITY INSTRUCTION / COLLABORATIVE LEARNING

- Teachers design instructional lessons that address Common Core Standards and 21st Century Learning skills. Students engage in collaborative learning processes that promote critical thinking and deeper understanding.

ONGOING PROFESSIONAL DEVELOPMENT AND COLLABORATION FOR TEACHERS

- Teachers have multiple opportunities to engage in professional learning courses and activities as well as collaborate with colleagues to design the most effective lessons to meet student needs.

ENGLISH LANGUAGE DEVELOPMENT (ELD)

- Students who come to us with the gift of speaking another language are able to participate in directed support opportunities to accelerate their learning of the English language. Our ELD program provides for designated time during the day to aid with language acquisition as well as multiple opportunities throughout the day to practice the language in an academic context.

INCLUSIVE PRACTICES AND SUPPORT

- Restorative Justice
- Circle of Friends
- School Counselors / Psychologists

POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS (PBIS)

- Staff creates a positive climate on campus by explicitly teaching students appropriate behaviors in the classrooms and throughout all areas of the school.
- Students receive positive reinforcement to decrease suspensions and increase attendance and academic achievement.

CAPTURING KID'S HEARTS

- Positive school climate
- Positive relationships with students
- Reduced suspensions and increased attendance
- Creation of self-managing classrooms

We offer something for everyone!
