### **School Description**

The mission of the Lancaster School District, a group of dedicated and caring professionals, is with the support of the community, to develop academic and personal excellence in all students through a rigorous curriculum infused with high expectations within a safe and secure environment fostering socially responsible citizens who enrich our diverse community.

The Lancaster School District has adopted a strategic plan, founded on 10 core beliefs, that articulates our commitment to providing a quality education for all children. The following strategies define our objectives in four key areas that we believe are critical components to excellence in education:

Strategy 1: Academic Rigor – We will assure effective implementation of the standards-based curriculum throughout our district and use assessment data and collaboration to drive research-based instructional practices to ensure academic growth, proficiency, and the narrowing of the achievement gap.

Strategy 2: Safe Environment – We will provide a safe and secure environment within structurally sound and aesthetically pleasing facilities.

Strategy 3: Community Partnership – We work to ensure every student makes progress in achieving our mission and objectives through a collaboration of neighborhood schools, families, staff, city, and our business community.

Strategy 4: Personal Excellence and Social Responsibility – We will promote social responsibility by developing cultural competence and personal integrity, specifically teaching, modeling and assessing throughout the learning environment in partnership with students, families, staff, and community.

School Vision Statement: Our school motto. Striving for Excellence Through Personal Responsibility, is a vision that is shared by members of the school community. It plays an integral role in the entire school program. Using a standards based system for learning and behavior in partnership with parents and community, students are encouraged to pursue excellence in education and social development.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

All textbooks were selected from the most recent list of standards-based materials adopted by the California State Board of Education and are consistent with the content and cycles of the curriculum frameworks adopted by the SBE. Textbooks are chosen after careful review and piloting by teachers and then are approved by the Board of Trustees. There are textbooks/instructional materials for each student in each subject. All adopted textbooks and/or replacement textbooks are in fair to new condition

#### School Facility Conditions and Planned Improvements (Most Recent Year)

##### General

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the Los Angeles County Office of Education. The results of this survey are available at the school office or at the district office.

##### Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

##### Cleaning Process & Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

##### Deferred Maintenance Budget

Although the State no longer requires a Deferred Maintenance contribution, Lancaster School District is still dedicated to maintaining the facilities for our students. These expenditures would include but not be limited to roofing, plumbing, heating, air conditioning, electrical, painting, and flooring. For the 2020-21 school year, the district has budgeted \$1,508,500.00 for deferred maintenance projects.

##### School Building

New Construction: The new gymnasium, including locker rooms, a band room, and an activity room were completed and put into use in May of 2020. New Construction: In September, 2020, Circuit equipment was added to the Sports Field giving additional resources for use by the physical Education Department. New Construction: Security doors for the front entry to the school are approved for installation. We expect to begin this project in 2021.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

ELA	33	N/A	31	N/A	50	N/A
Math	14	N/A	18	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
